

International Journal of Engineering and Science Invention

e-ISSN : 2319-6734

p-ISSN : 2319-6726

Contents :

Variabilité climatique et résilience agricole : perceptions et mécanismes d'adaptation des producteurs de coton dans la commune de Banikoara (Bénin)	01-07
Standardization of Administrative Treasury and Portfolio Processes in the Oncology Entity	08-13
Intelligent Cyber Défense: Leveraging Artificial Intelligence and Machine Learning to Combat Evolving Cybersecurity Threats in the Digital Age	14-21
Intelligent Text Classification on Big Data: A Hybrid Approach Integrating Machine Learning, Deep Learning, And Natural Language Processing	22-33
Design of an LLM-Based Multi-Modal Explainable Framework for Intelligent Dermatological Decision Support	34-40
Cross-Modal Contrastive Distillation: Bridging Zero-Shot and Partial-Label Learning for Multi-Label Classification	41-46
Using Fuzzy Logic Approach for Prediction of Compressive Strength of Ready Mix Concrete	47-54
Influence of Metakaolin and Recron 3S Fiber on Mechanical Properties of GGBS Blended Concrete	55-60
Nanoparticle-Based Functionalization of Polyester and Its Cotton Blend: Advances, Applications and Safety Considerations	61-72
